

Sumit Kumar

WEB DEVELOPER

About

Passionate about web development and full-stack development, I have a solid computer science background from Tata Institute of Social Sciences. I'm well-versed in technologies like HTML, CSS, JavaScript, PHP, CodeIgniter, Reactjs, Nodejs, and MongoDB. I have to secure a position in a dynamic IT sector company as a Web Developer, utilizing my skills and expertise to contribute to the company's success. Versatile and experienced with a dedication to excellent work and customer satisfaction.
